

FOR IMMEDIATE RELEASE

JULY 5, 2007

MediSource, Inc. (Albany, GA) introduced its new and enhanced UltiZyme® Triple Enzyme Cleaner. This new formulation includes increased enzyme activity, higher levels of synergistic surfactants, improved cleaning power, and pleasant fragrance. The UltiZyme® line of triple enzyme cleaners contain Protease, Amylase, and Lipase in addition to multiple surfactants that work in synergy to provide superior cleaning power.
