

March 2005

MEDISOURCE, INC. LAUNCHES MEDISOURCE™ BRAND EXAMINATION GLOVES. MediSource, Inc. (Albany, GA) recently launched the MediSource line of latex, vinyl, & nitrile examination gloves. Our latex powder-free exam gloves feature co-polymer coating, low levels of extractable protein and chemical residue, proprietary textured grip, & increased tactile sensitivity. MediSource™ nitrile gloves offer a unique design to enhance fit, comfort, and improve tactile sensitivity. “Over 30 years of glove experience has resulted in, Protection, Comfort, and Affordability in the MediSource glove line.” said Scott Haralson CEO of MediSource, “Providing high quality gloves and enhancing the margins of our distributors, that’s what it is all about”.
