

**March 2004**

MEDZYME, INC. LAUNCHES UltiZyme™ BRAND ENZYMATIC CLEANERS AND DETERGENTS. MedZyme, Inc. (Woodstock, GA) launched its UltiZyme™ brand enzymatic cleaner and detergent line. The UltiZyme™ brand is a triple enzyme based line of cleaners and detergents that include enzymatic cleaners, low foam detergents, instrument lubricant, cart wash and rinse, and whirlpool cleaner. The UltiZyme™ brand triple enzyme products have the advantages of triple enzyme cleaning power, unlimited shelf life, and extended product efficacy. These clinical advantages are a result of our unique process of growing the enzymes together. UltiZyme™, the ultimate enzyme solution, is setting a new standard in the industry. UltiZyme™ brand enzymatic cleaners and detergents are a made in the USA product. For more info please contact Scott Haralson at 866-234-1447
